See you there!

SCACL to leave Gibsons Facility Jan 31st

As of Jan 31st SCACL has vacated the facility in lower Gibsons. All SCACL programs that were based in this facility will continue and are still fully operational but will now be provided directly in the community. Details have been sent to all participants and family members. For further information about program particulars please contact Christie Totten Vocational Program Coordinator @ 604-885-7455

SCACL Recording Project

Ken McBride has finished recording 33 songs with the SCACL music program. These fab tunes will soon be available in a CD format and hopefully online for downloading as well. Stay tuned (no pun intended) for more information on this exciting project. A big thanks to Ken for all his efforts.

SCACL is 50!

SCACL is 50 years old in 2008! Hard to believe but true. Over fifty years have passed since the founding parents formed our little agency. SCACL is planning to celebrate this golden milestone with several special events this year including a large community celebration in July, a CD release, and a FACEBOOK page for people to reunite and social network with.

More information and dates of these events will be forthcoming and hopefully we still look good for our age.
